Storm Water Works.Com LLC
P.O. Box 2905
Stamford CT 06906-0905

Dear Sir:

The MDC has reviewed your request to approve the "Terre Kleen Hydrodynamic Separation Unit" for use within the City of Hartford for the treatment of storm water. This product will become part of the MDC's Approved Material List for Storm Water Separation.

Please keep in mind that a Professional Engineer makes final decisions on the choice of storm water treatment systems based on a specific use or design criteria.

Sincerely,

Frank Dellaripa, P.E.
Manager of Construction Services
Metropolitan District Commission
